## SPECIAL SWIMMING CLASSES

Eugene F. Mueller, B. A., Iowa State Teachers' College, member of one of the University of Iowa swimming teams, and five years' life guard at Municipal Beach, Cedar Falls, has volunteered to give swimming instruction to older boys and young men advanced swimmers. Instruction periods will last for one hour beginning seven o'clock on Monday, Tuesday, and Thursday nights of each week. If suitable material turns out, Mr. Mueller promises not only to give instruction in the fundamentals of swimming, but to turn out a Y. M. C. A. representative swimming team for Inter-City competition. At this date, Mr. Mueller has a number of swimming enthusiasts and is making fine progress.

The Physical Department would be very glad to have those "Y" fellows who are interested in learning how to swim to come in and make their wishes known. If two or more fellows are interested, a class will be organized at a time of day suitable to them.

October 23rd, the Waterloo Y. M. C. A. Volley Ball team had the pleasure of being hosts to the Cedar Rapids team. A series of three out of five games were played, the Waterloo team emerging victorious.

Dr. C. A. Boatman, who is scheduling games for the local team, expects to schedule a number more games before the season is over.

## FINE WORK BEING DONE IN SWIMMING

Twenty-seven boys passed the junior Y. M. C. A. swimming test in October. It has been announced by Arthur Misner, assistant physical director at the "Y." The boys have been awarded the junior beginners' badge. They are: Blair Kough, Clayton Posler, Melvin Siegel, Jack Dinderman, Lloyd Smithy, Howard Royse, Max Paige, Junior Larsen, Miel Gail, Frank Mamer, Roy Miller, Lloyd Button, Harold Gerry, George Van Hoozer, Paul Hamilton, Nick Urban, Merle Olds, Peter Kallnich, Jimmie Duschon, James Fuller, John Hamilton, Carl Heller, Stanley Larson, George Gilbert, Herbert Thomas, Donald Rhodenbaugh, Clarence Fink.

During the week-end of November 22nd, Mr. Clowes, secretary of the Town and Country Branch, in co-operation with the Cedar Falls Commercial Club, will stake a Dog Show for the boys and girls of that city. Prizes will be offered for the several classes in the show. This is in connection with the annual Corn Show sponsored by the Cedar Falls Commercial Club.

## Community Fund Campaign Scheduled to Begin Nov. 18th. Strong Leadership and Excellent Prospects for a Fine Campaign

Under the leadership of W. H. Langlas, chairman of the Citizens' Committee, and Kenneth L. Bragdon, head of the General Sales Army, preliminary preparations for a fine Community Fund campaign beginning November 18th, are well under way. As usual the Waterloo Y. M. C. A. will be well represented officially in the organization. With our friend, "Bill" Langlas, past president of the Association and a long time member of the directorate, as chairman of the Citizens' Committee; C. D. Allan, president of the Association, one of the Division chairmen, and C. A. Morris, director and chairman of the Camp Committee, another Division Chairman; with the General Secretary chairman of the Speakers' Bureau, and other directors and staff members serving on important committees, the Association is giving more than 100% support to the movement. This is right and as it should be, as the Association is indebted to the Community Fund for its general support.

The importance of the success of the Waterloo Community Fund in the approaching drive cannot be over-estimated nor over-stated. The seven beneficiary agencies by going together in this effort relieve the community of numerous drives for their support. The time thus saved by the ones who have to do the canvassing should encourage everyone to subscribe liberally the week of November 18th. It is highly probable that if the Community Fund campaign should fail to reach its goal this year, the organization will be forced to disband for the beneficiary agencies involved cannot longer stand for the shrinkage which has occurred to their budgets in the past through the failure of the Community Fund to contribute 100% allotted quotas.

Waterloo has been richly blessed this year. How better could we show a real spirit of Thanksgiving than to subscribe so liberally or generously that not only the \$80,740.00 requested for the budget may be secured, but enough in addition to provide a safe emergency fund? This year the directors of the Community Fund have wisely added a shrinkage fund of 5%. If the amount asked for is secured, each agency will be protected against shrinkage for the first time in the history of the Waterloo Community Fund.

The agencies represented in the Fund cover the entire city's life and needs. Everyone can support at least one of the agencies involved—the American Red Cross, the Boy Scouts, the Salvation Army, the Y. W. C. A., the Y. M. C. A., the Social Welfare League or the Railroad "Y." Very cold-blooded and heartless, indeed, is the individual who is not interested in at least one of the seven.

WE ARE SURE WATERLOO WILL GIVE GENEROUSLY AND THANKFULLY AND THUS IMPROVE THE HEALTH, STRENGTHEN THE CHARACTER AND INCREASE THE HAPPINESS OF THE COMMUNITY.

## 1929 Membership Round-up Proved to be a Record-Breaking Event

The 61st anniversary of the Waterloo Young Men's Christian Association was celebrated in the usual effective manner through the medium of a Membership Round-up. The last issue of the Broadcaster had a lot to say about this, but only told a part of the story. Under the leadership of L. C. Ransom, Sales Manager of the Bartles Shepherd Oil Company, the Round-up organization went out and brought in a real victory. In other words, they produced the best membership campaign the Waterloo Association has seen in at least ten years. Old-timers in the "Y" Campaigns said repeatedly that they have never seen a more enthusiastic and "peppier" organization and never was the response from those called upon more cordial.

The division captained by O. A. McFarland won the Chicken Dinner and that "gang" sure could eat chicken. The team led by James Leonard was high team with one hundred and two members secured. This does not mean, however, that any division lagged behind. Practically every man in the organization worked and the attendance at report dinners was remarkable.

As a result of the Round-up, the Association will come to the close of the year with nearly 1300 members in all groups and classes. It is believed this is the high water mark in memberships.

McFarland's Division was served the Chicken Dinner, Tuesday evening, October 29th. On account of the inclemency of the weather the usual trip to camp was foregone. Added pleasure was given the evening by having our former leader, Wade Nelson of Mason City, as a guest. He was accompanied by Secretaries Gileman and Hill of the Mason City "Y."

**MR. MEMBER--ALWAYS CARRY YOUR Y. M. C. A. MEMBERSHIP CARD. IT IS GOOD WHERE EVER YOU FIND A Y.M.C.A., THE WORLD OVER. PRESENT IT WHEN VISITING ANOTHER ASSOCIATION. IT IS A FINE PASSPORT TO NEW FRIENDS.**

## CLARKSVILLE JOINS THE Y. M. C. A. FAMILY

Tuesday evening, October 29th thirty-five members of the Clarksville high school were inducted into the first Hi-Y Club to be organized in that community. Election of officers resulted as follows: Burnell Crosby, president; Garland Fishel, vice president; John Sylvester, secretary, and Frederick Hummell, treasurer. Clarksville will make a fine addition to the area community. The club was organized in request to a very definite response from ministers, school men and business men who have accepted the necessary obligations, both moral and financial, to secure this work.

The Counseling Committee sponsoring the work of the Y. M. C. A. is B. E. Mitchell, R. R. Siefkes, and Dr. W. E. Day. The work also has the enthusiastic support of the clergy of the city.

## CEDAR FALLS SECTION PLANNING A VIGOROUS PROGRAM FOR THE COMING YEAR—BIG FATHER AND SON BANQUET UNDER WAY

Representatives from the Cedar Falls Ministerial Association and the Advisory Committee of the Cedar Falls section of the Town and Country Branch have formed the Cedar Falls Father and Son Commission. Plans are under way for the first large all-city Father and Son Banquet to be held in February. The First Methodist Church, Cedar Falls, has been designated as the place on account of it being the only church dining room in town that will seat the crowd expected. At the present writing, it is thought the attendance will have to be limited to 300. Mr. Lewis H. Minkel, former superintendent of schools at Fort Dodge, has been secured as speaker of the evening.

## DAY OF PRAYER FOR YOUNG MEN TO BE OBSERVED AT CEDAR FALLS

Thursday, November 14th, has been designated by the Cedar Falls "Y" Committee as a Day of Prayer for World Peace. The program of the day will be carried on in the Congregational Church. This will be open all day. The day will be filled with special organ music and short meditations between the hours of 10 and 11 A. M., 12:30 to 1:30 P. M., and 3:30 to 4:30 P. M., closing with a special union service in the evening, in charge of the Hi-Y boys of Cedar Falls High and Teachers High. The meditations for the day will be brought by Rev. Fred Giffen and Rowley and Prof. Fred D. Cram.

Mr. Clowes and Mr. Albright had charge of the Calf Club Camp at the Dairy Cattle Congress again this year. They had oversight of 175 boys from Iowa, Minnesota, South Dakota and Oklahoma. They also directed the rooming bureau which was a great accommodation to the Cattle Congress visitors.

# Is Church Losing Its Restraining Influence as Check to Lawlessness?

George W. Wickersham, chairman of President Hoover's national commission on law enforcement, writes in *The Churchman*, the national weekly of his Church, that although the Church formerly exercised a restraining influence upon the lawless tendencies of the community, its authority has now been greatly weakened.

Geo. W. Wickersham

"A certain amount of lawlessness always has existed in self-governing countries," Mr. Wickersham writes in *The Churchman*. "The existence of police, courts and prisons attests that fact. But the peculiar characteristics of the present conditions arise out of the fact that that part of the community who have most at stake in the preservation of law and order themselves are preaching and practicing an open disregard for certain laws to which they object, apparently without any concern for the effect upon the maintenance of the law in general—especially upon the laws designed for the protection of life and property—the fun-

damentals upon which rests the continuance of civilized society. Even this duty to guard the foundations no longer is well performed. I confess I cannot see pass by in our city streets one of the armored cars which have become such a familiar sight without a sense of humiliation that it has come to pass that money and securities only can be transported in such vehicles, guarded by men with rifles and pistols in hand ready for use. One of the matters which the National Commission on Law Observance and Enforcement probably will investigate is the amount which private interests pay for police protection, in addition to that furnished by governments, local, State and national, and the number of men employed in that extra governmental work.

"The Church formerly exercised a restraining influence upon the lawless tendencies of certain elements in communities. Perhaps it still does to some extent, but no one can fail to realize that its authority has been greatly weakened, if not destroyed. Because our increased knowledge of the history of this world of ours and the revelation through science of its infinitesimal importance in the vast universe, even in our solar system, we no longer accept the idea of God sitting somewhere in the heavens dictating laws to men and specially interfering with their affairs and meting out punishment, or conferring rewards. But has there ever been a better code of morals formulated for the government of men than those which Moses delivered on tables of stone to Israel, unless it be the two in which they were summarized by Christ, to love God and our neighbor."

## JANE ADDAMS FINDS EUROPE FOR PEACE

*Anti-War Sentiment Growing, She Says on Return from Conference*

Jane Addams, known throughout the world for her humanitarian efforts and settlement work at Hull House in Chicago, recently returned from Europe more convinced than ever that the world wants peace.

Miss Addams presided over a peace conference held by the Woman's International League in Czechoslovakia to discuss "How Necessary Changes Can Be Brought About Between Countries Without Recourse to War." Miss Addams is chairman of the league.

The settlement worker declared she had found on the trip that there is a much stronger anti-war feeling throughout Europe than there is here. Her league, which seeks to further this anti-war feeling, has organizations in twenty countries.

Jane Addams

## Scout Movement Born in Birkenhead Y M C A

An interesting bit of information that came to the attention of the American boys who attended the recent international meeting of Boy Scouts, known as the "Jamboree," held in England, was the fact that the Scout movement was instituted in the Young Men's Christian Association in Birkenhead, England, in 1908. A tablet was erected some years ago in the Y M C A building at Birkenhead, stating "In this hall the Boy Scout Movement was publicly inaugurated by Lieut. General Sir Robert S. S. Baden-Powell K. C. B., on January 24th, 1908."

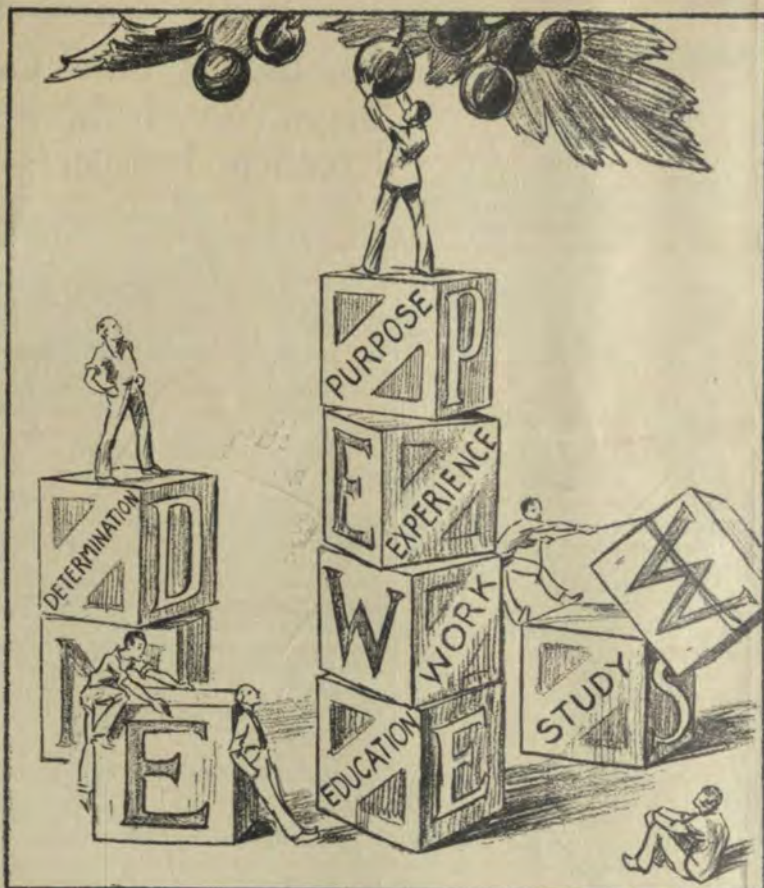

The movement was established in America, in New York, by Mr. Ernest Thompson Seton.

### Any Left Over?

"Daughter," called mother, "what did you do with that little sample of silk I showed you last week?"

"Had the dressmaker make me a party dress out of it," daughter replied.—"Life."

## "Building Blocks"

## WORLD PEACE GOAL OF NATION-WIDE DRIVE

**Methodist Church Starts Campaign to Instill Love of Fellow Man**

A systematic program of education to train the minds of 4,000,000 communicants of the Methodist Episcopal Church in America toward world peace, the most extensive project of its kind since the campaign for the Eighteenth Amendment, is being started throughout the nation by the newly formed World Peace Commission. The method of approach will be entirely through the education of both children and adults. Fifteen periodical publications and specially prepared books will carry messages of peace and international understanding.

A program has been made for an interchange of preachers between England and the United States. The preachers will interpret their nation, one to the other, "in the belief that understanding is the solution of all differences."

Four "platforms" are being woven into Sunday school lessons, into fiction stories for the children's publications and into the news magazines which the Methodist Church

circulates among its members. They are:

1. Horrors of war.
2. Falsehood in war time.
3. Futility of war.
4. Ways and means out of war.

"The law is now on our side," Mr. Goddard, executive secretary of the commission, said, referring to the Kellogg pact. "It is patriotic to urge that international controversies be settled by pacific means."

Every Methodist conference in the United States, numbering many hundreds, will appoint this fall a committee on international justice and good will, which will direct the peace program in its conference district. Every Methodist church in the country is to have a local committee which will keep alive the subject and arrange special peace programs.

### Making Money

"I have a question to propound to you, Pithecanthropus. Tell me, now, which is the most valuable, a five dollar bill or a five dollar gold piece?"

"Let me ponder, Neanderthal, let me ponder. Why, the five dollar bill, of course. Because when you put it in your pocket you can double it."

"Right truly, Pithecanthropus, and when you take it out you will find it in creases."

—"Northwestern Purple Parrot"

## SAYS YOUTH OF TODAY FUNDAMENTALLY SOUND

It is the Elders Who Mold  
Young People Today  
Says Dr. Poling

Claiming the young people of today are no worse than they were a generation ago, and putting their

Dr. Poling

present attitudes on life squarely up to their elders. Dr. Daniel A. Poling, president of the United Society of the Christian Endeavor, in a recent address made a plea for youth of today.

"Before making any conclusions about

our new type of youth," he said, "we should consider the matter carefully. Youth has not changed in degree beyond the time in which it lives, or more fundamentally than its surroundings and environment have changed. When we say young people are worse than they were a generation ago, we are both foolish and superficial, or at least the victims of bad memory. Boys and girls read and study what their elders write, look at the pictures their elders paint and participate in the pleasures that are organized for them. It is the older people who mold the young."

Dr. Poling declared that youth is not afraid of life. Never had it failed to accept risks or turned away from sacrifice. The elders are morally obliged to dramatize life for the boys and girls, he pointed out. In this age of change youth is not fundamentally different: youth is as full of promise, as ambitious, as physically sound and morally fit, as youth ever has been.

"We must furnish our young men and women with a foundation on which to build their lives, that they may not be disillusioned by this constant process of change. They should know that the spiritual things always remain the same. Friendships, for instance. Friends are as true today as they were when society moved by stage coach instead of by plane. Love is as loyal in the twentieth century as it was in past ages. And faith does not change—faith in God, in democracy, in yourself."

Doctor: "Sambo, I can think of but one thing that will cure you, and that is an electric bath."

Sambo: "Now, suh, doctah, yo' ain't talkin' to dis here nigger. I had a frien' what took one of them things down in Sing Sing an' it drowned him."—"Science and Invention."

## Foreign Minister Talks Success

Benes, of Czechoslovakia, Counsels Young Men  
About Life at Prague Y M C A

Photo Shows Young Men Crowding Around Foreign Minister Benes, at Lower Left with Pen in His Hand

If anyone is qualified to lecture on "The Road to a Successful Life," it should be the Minister of Foreign Affairs—and this certainly was the case recently when Foreign Minister Benes, of Czechoslovakia talked to the young men of the Prague Y M C A.

When he was approached and asked whether he would meet with the young men, he said he would be glad to do so "if there were to be intimate conversations with young men, but not if graybeards were going to lecture."

Assured that he would have an audience of young men, he came—but let Brackett Lewis, the general

secretary at Prague, tell you the story:

"The Foreign Minister spent the first half hour touring the building. We found the men's chorus in one room. One of the men's clubs meeting in another. A boys' club still in session although it was after their closing time. We put our heads into five or six of the residence rooms. Imagine the state of excitement of forty or fifty men in the locker rooms and pool naked and dripping when their Minister of Foreign Affairs suddenly appeared and passed a friendly greeting!"

"On his touring of the building, the

## "Y" President Resigns After 32 Years Service

Arthur S. Johnson, who served as president of the Boston Y M C A for 32 years, recently resigned his position, but he is not leaving Association work.

Mr. Johnson continues his activities in the "Y" by serving as chairman of the Board of Directors, a new position created in his honor.

T. Grafton Abbott was elected to succeed Mr. Johnson as president of the Boston Association.

foreign minister reached a certain room where a conference was going on, two hundred young men being seated around small tables, participating in the discussion while eating tea and cakes. An engineer was closing his address. The group had not expected the minister and their applause on his appearance put an end to it. The ten speakers at previous sessions who were present were settled at various tables and the men were crowding around them to put their questions.

"Mr. Minister, you said in your lecture that one should find joy in his work. How can one insure such joy?"

"The sources of joy are in yourself. If you can master yourself, you can master your surroundings and master your fate." Then followed many personal illustrations.

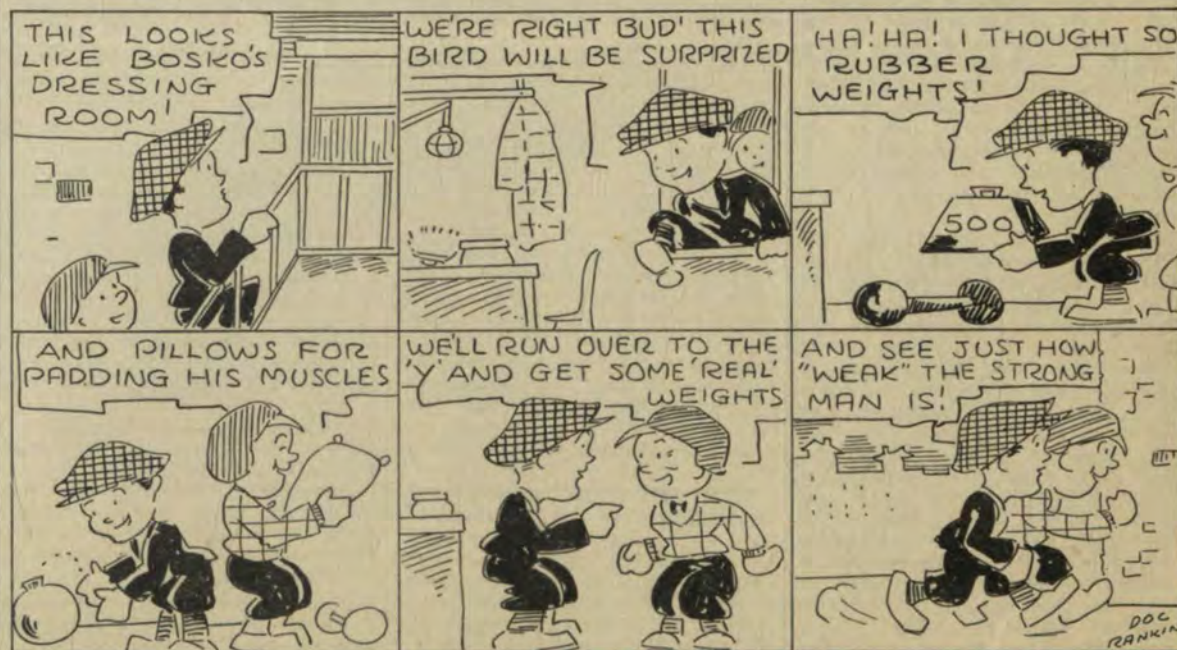

"Mr. Minister, you speak as though one must have a definite plan for his life."

"Certainly. I can't imagine one going anywhere without a plan. It would be a crime not to have a plan for one's life. But it is no crime to change one's plan."

"Then followed ten minutes on the changes in his own life plan. Then the men asked him to put his autograph in the books that had been presented that evening. He talked on as he signed a hundred or more—until his pen went dry."

## "Y" Jinks

By Doc. RANKIN

The boys are up to something - Watch the next issue.

# BOYS' DIVISION

WEDNESDAY EVENING, OCTOBER 30TH, WAS THE NIGHT OF THE BOYS' DIVISION HALLOWE'EN PARTY, 175 boys and leaders being guests. The evening was spent in different kinds of entertainment, the first being the Grand March by all of those masked and costumed. After much debate, the prize for the best masked boy was given to Wallace Lighthouse, who was dressed as a little flapper girl. Next came the big "Mystic Way." The fellows were led to the stairway, after which they had to follow the trail. The very first thing, they lost their footing and slid to the bottom of the stairway, lighting on a truck which carried them through a doorway where they received a nice shower. From here they headed through various nooks, corners, over and under tables, through boxes, and everywhere else, finally landing back in the Boys' Division where all the game tables and equipment had been cleared away to allow plenty of space for a good time. Mr. H. Forsythe, professional magician, gladly presented the fellows with three-quarters of an hour of first-class magical entertainment. After refreshments of doughnuts, apples, and cider, the party adjourned until Hallowe'en, 1930.

**HIKES.** Sixty-five fellows between the ages of ten and fifteen, enjoyed an educational trip through the Campbell Baking Company, after which they hiked to the Dairy Cattle Congress Calf Club to spend the rest of the night in games and slumber (?). The fellows took their breakfast along with them, and cooked it at the show grounds, Saturday morning, after which they broke up, some of them coming back to the "Y" for gym classes, and others going to their homes to work or play, whichever the case might be.

**OYSTER STEW.** Friday evening, October 25th, Dr. C. A. Boatman entertained the winning team of the Boys' Division membership drive, with an oyster stew at his cottage in Sherwood Park. The Y. M. C. A. staff were also guests at the party. The evening was spent in motor-boat riding, playing games, toasting marshmallows, and eating soup. Every person present had a mighty fine time, and wishes to express his appreciation to Dr. Boatman.

**SPECIAL: HERE IT IS AT LAST, FELLOWS, JUST WHAT YOU'VE BEEN LOOKING FOR!!!** What? A handicraft club for the boys who are members of the Boys' Division of this Association. Carleton Eickelberg has consented to take charge of this group on Saturday afternoon, and we just want to say that "Kelly" is good. He says that there isn't a single fellow who can't make most anything he wants to if he'll just buckle down and work. "Kelly" is President of the East Hi-Y Club and has had charge of Manual Training Projects in a number of instances heretofore. If any of you fellows are interested in such a project it would be a good idea to register at the desk at your very first opportunity, for this club must be limited to not

# Hi-Y Notes From Entire Area

"To Create, Maintain and Extend throughout the school and community, high standards of Christian Character."

The Waterloo Association and Waterloo Area have been allotted sixty boys as their maximum enrollment for the State Older Boys' Conference to be held in Marshalltown, Friday, Saturday and Sunday, November 29th and 30th and December 1st. Conference attendance this year from all over the state is limited to 500. These will be representative boys picked from Hi-Y Clubs, Employed Boys' Clubs and Sunday School Classes. Dr. Albert Palmer of Oak Park Congregational Church and President-elect of the Chicago Theological Seminary is to be the main speaker. H. M. Dimoch of the Chicago Y. M. C. A. College will have charge of discussion groups. Both Mr. Clowes and Mr. Remy in charge of registration for the local groups urge early application as it is anticipated that more than can be accommodated will want to go. The registration fee, transportation and incidentals will amount to \$5.50.

more than twenty-four members.

**ARCHERY.** At last we are ready for all you fellows who are interested in Archery. The basement room has been all fixed up, and is now a dandy place for any boy to show his skill shooting a bow and arrow. The Archery Club is to be organized this week, and if you are at all interested, you'd better sign up right now. We have a dandy Archery equipment which promises to be quite popular with everyone entering the Club.

**CADETS.** Notice! Each Saturday after gym class there is a jitney feed and meeting held in the "Y" dining room. Every fellow in the Cadet class is eligible to come to this meeting. Mr. Harry Fisher has charge again this year, and is anxious that every fellow in the gym class bring his nickel, stay for dinner, and enjoy the meeting. Only fellows in the Cadet class may come.

**SWIM.** Each Saturday evening, all the Pioneer Clubs meet at the Y. M. C. A. for games on the gym floor, followed by a good swim in the "Y" pool. Only fellows who are members of Pioneer Clubs may come. There are nine Pioneer Clubs functioning to date, and if you are interested in one of these groups, see Allan Remy, in the Boys' Division, and he will fix you up.

**GRANT CLUB NOTES.** Tuesday evening, November 5th, the Secretaries of the Boys' Division met Mr. Ewan and a group of boys at the Grant school for the purpose of organizing two boys' clubs, one for the colored fellows, the other for the white boys. One club is to meet Tuesday evening, after school, the other on Thursday evening. Heretofore, only one club has been functioning at Grant School, it being a colored boys' club, and meetings were held at night. Both these clubs will be run according to the aims and purposes of the Pioneer program as sponsored by this Association.

**NEWSIES.** The Newsies Club, under the leadership of Mr. Charles Trunkley of the Repass Auto Company, and Johnnie Bertch, Boys' Division Y. M. C. A., is getting along in mighty fine shape. This club is open to those fellows selling the Waterloo Evening Courier on the street corners of Waterloo. The meetings of this club are held each

week on Wednesday evening in the Y. M. C. A. dining room. After the business session and social entertainment, the fellows adjourn to the gym floor and swimming pool for the remainder of the evening.

Bringing together a group of twenty-five, the Area Hi-Y met at the "Y" Building, Sunday afternoon, November 3rd, to consider the part of the Area Hi-Y in the State Older Boys' Conference; to make arrangements for the coming Area Hi-Y Basketball Tournament; the gift of the Area Hi-Y to the boys of China, and other matters of mutual interest. After the meeting which was in charge of Edwin Cram, president of the Area Hi-Y, refreshments were served.

The boys of the Hi-Y Clubs and the Girl Reserve Clubs of New Hartford held their annual Carnival in the high school building, Friday evening, November 1st. The first number on the program was a minstrel show with the usual attractions at a carnival completing the program. The carnival was a big success, financially and otherwise.

Twenty-four members of the Janesville Hi-Y and fifteen members of the Finchford Hi-Y were the guests of the Waterloo "Y" for an afternoon during the month. They were privileged to use the swimming pool and other parts of the equipment.

Thirty-five members of the LaPorte City Hi-Y attended the first luncheon of the season, October 24. Electing William Buell as president, the Junior High boys from New Hartford organized the New Hartford Torch Club the first part of the month. The boys are planning for a soccer game and swim expedition the 8th of November as part of their program. Good luck to them in their new organizations.

With over half of their members present, the boys of the Shell Rock Hi-Y attended the morning services of the Baptist Church, Sunday, October 20th. They are planning to make this a monthly part of their program, attending the churches in rotation.

Plans are being made by the Hi-Y Clubs of the entire area for the observance of their annual Father and Son Banquets. Finchford will be the first with their banquet on

Friday, November 8th. LaPorte City is planning on a group of 200 men and boys at their banquet, November 26th.

At a combined Hi-Y and Girl Reserve Party, a group of ninety-six fellows and girls from Teachers High attended, Saturday, November 2nd. It was so much enjoyed that those present voted to have another soon.

All Hi-Y inductions will be taken care of during the first part of November, making a group of 428 boys that have joined the Hi-Ys of the area this year. Shell Rock traveled to Finchford, October 18th, and inducted their boys. Teachers' Hi-Y traveled to Hudson, October 9th. New Hartford and Shell Rock are exchanging, as are LaPorte and Dunkerton Hi-Ys. The cabinets of Orange and Teachers' High and Cedar Falls High performed their own ceremonies.

The East Hi-Y Club fellows are organizing a gospel team for the purpose of conducting church services at various places. They are working on a little playlet entitled, "The Modern Parable." This will be ready for presentation in a very short time. They are also taking charge of devotional services of the State Older Boys' Conference at Marshalltown this month.

## Y'S MEN'S CLUB

**CONTINUES TO MAINTAIN THAT FINE HIGH TYPE OF SALESMANSHIP AND BOOSTING**

**ABILITY,** as well as loyalty to the Association during the sixty-first anniversary Membership Round-up, by bringing in through their teams 148 members.

Dr. Graham H. Boysen, Y's Men's Booster, extraordinary, led the division in which most of the Y's men worked. This is a fine showing and in keeping with the usual way Waterloo Y's Men do things.

Y's Men and Y's Menettes enjoyed themselves at the first out-of-the-building Ladies' Night held by the club at Sorenson's Cottage at Casebeer Heights. A sumptuous feed was served by Bishop's Cafeteria and the evening was spent as everyone said in having a real jolly good time.

The Y's Men's Club is somewhat disturbed over the challenge by the "Y" Staff to a game of Volley Ball. Those who are on the inside and know the Y's Men's so-called Volley Ball players know they are in for an awful drubbing. The past few years, the "Y" Staff, out of the goodness of their hearts, have been yielding most of the games to the Y's Men but the employed officers now feel that the Y's Men have grown up and ought to be able to take a good licking and have promised it to them.

Plans are now being formed for the annual Y's Men's Christmas Party which has become an annual event and looked forward to not only by the boys but by the men themselves.

Dr. Howard Hartman and Mr. John May are the new Y's Men of the month.
