SUMMER PHYSICAL SCHEDULE AT WATERLOO

As of June 1, 1968 the YMCA will close its doors for the summer in Tuesday, Thursday and Sat. nights at 5 P.M. The building will remain open on Monday, Wednesday and Friday evenings until 9 P.M.

SWIMMING LESSONS

Registrations for swimming classes at Waterloo will be open from Monday June 10 through the 15 from 9 A.M. to 5 P.M.

All present class members are asked to register for a new class time. The swimming classes will be instructed by Roger Kramer, a senior college student at Upper Iowa.

Roger is a certified Water Safety Instructor and will be a real plus to the YMCA staff for the summer.

EIGHT WEEKS

The lessons are held three times a week. 45 minutes per lesson, for a period of eight weeks. Classes will begin Monday, June 17 and continue through Saturday, August 10. Boys who currently have YMCA memberships may have their parents call in for swimming class enrollment. They needn't come to the building.

NON MEMBERS

Non members may participate in the summer swim classes by paying an \$8.00 program fee for the eight weeks.

A boy wishing to convert this to a \$15.00 yearly membership will have 30 days after August 10 to pay the balance of \$7.00.

YOUNG NEW YOUTH DIRECTOR, STEVENS NOW PHYSICAL DIRECTOR

Jeff Young

Dan Stevens

Jeff Young has joined the staff here at Central YMCA following his June graduation from Northern Iowa with a B.A. in sociology.

Young, 22, will be the new youth director at Central and brings a wide variety of experience in Y.M.C.A. work, including work at the Cedar Falls branch. Jeff resides at 2804 Garden Avenue, Cedar Falls.

As of June 1, Dan Stevens, 24, formally assumed his duties as the new physical director. Dan had been the community youth and camp director for three years and has been acting physical director since Chuck Hazama left Waterloo. Dan, his wife Betty and son Jeff live at Log Cabin Park in Waterloo.

One member of the Central staff is leaving. Fred Wallace, assistant physical director, is returning to his home state, Ohio.

A death in the family necessitated Fred's return, and he has been transferred to a Y.M.C.A. near his hometown of Warren.

Central General Secretary Sam Chollar said the Y would not replace a man in Fred's position, but will use college students on a part-time basis to perform the duties Fred had.

CAMP HARTMAN FILLING REGISTRATIONS

Already 230 campers have registered to attend Day Camp Hartman the major part of the camping program for the YMCA of Black Hawk Co.

This was the total number of campers for the 1967 camping season at Hartman. The season has been expanded this year from three two-week sessions last year to four two-week sessions this year.

The staff has been hired, groups have been active in cleaning the buildings and grounds and the swimming pool has been cleaned and filled.

All we need now is a few more campers. The first two periods are closed to registrations but openings still exist in the last two periods; July 22 to August 3 and August 5 to August 17.

A membership in the YMCA is not required in order to attend Camp Hartman. A boy wishing to go need only to register and pay a fee of \$25 per session which includes the cost of transportation to and from camp from the YMCA in Waterloo and bus stops set up throughout the community.

Also included in the cost is milk for the noon lunch and accident insurance for boys from the time they leave home in the morning until they return home in the afternoon.

The boys attend camp every day Monday through Friday for two weeks from 9:15 A.M. to 4:15 P.M. On the last Friday night of each session a parents night program and camper over-

Durring the past year Cedar Falls YMCA staff has provided the supervision and direction for the development of the YMCA- *Community Action Program* Cedar Valley Community Program. This operation, guided by the YMCA, is funded by the Black Hawk

County Community Action Council through government Office of Economic Opportunity Funds.

The Cedar Falls Y has assumed the responsibility for the recreation phase of the program, recruited a staff of 4 senior UNI sociology majors to give leadership for a Saturday recreation and club program for the grade school and junior high school students. Since last mid-summer the program has been operated on a \$3,500 budget.

The Cedar Valley Summer recreation program will include the operation of a playground at North Cedar School and at Policeman's Park. A staff of 5 will continue to work with youth grade school and junior high club groups for special activities that will add through the summer months planning variety and interest to the basic playground operation.

Planning, operation and evaluation of the program will be in the hands of the Cedar Valley Community Advisory Committee, David Morris, Chairman. Represented on the Advisory Committee are 5 youths from the community who are members of the Cedar Valley Teenage Council.

**YMCA AND YWCA
CO-SPONSOR JUNIOR HIGH
RECREATION PROGRAM**

A new venture in Cedar Falls has been the co-sponsorship by the Cedar Falls YMCA and the YWCA of the Junior High Recreation Program. After 2 months of careful planning the first Junior High Recreation Program was conducted for Cedar Falls in February. A dance and gym program was held at Holmes Junior High School.

In casual dress the young people played volleyball, shot baskets, chatted together, and danced to the music provided by Don Timmerman, of Station KWWL. 475 junior high youth attended the recreation program. Programs have been planned by a steering Committee of students from Peet, Holmes and St. Pats School.

The next program will be June 6 at Peet. The "Outcasts" will provide the music and the gym will be open.

Members of the Steering Committee have met to make posters and plan responsibility assignments for the programs and to discuss ways in which they might be made the kind of program to provide a place for junior high youth to go and have fun with their friends. Present plans call for summer meetings during the month of June and July.
