Weight control sweepstakes is a six week program that includes before and after body composition testing, exercise guidelines, weekly food logs, and nutritional lectures. Participants will be competing against one another for prizes to be awarded at the end of the program. The Sweepstakes will start on Monday, January 17 and continue through February 28.

The program also includes a one hour workout with a personal trainer to help get you started on the road to weight/fat loss. Nutritional lectures will be held weekly at times to be arranged.

Points will be awarded for doing the positive things that it takes to lose weight and/or body fat in a healthful manner. Totals from workouts, food diaries, and lectures are accumulated weekly for each participant. At the end of the program, points are totaled to determine the winner. Body composition and body weight will be measured at the beginning and the end of the Sweepstakes. Activity logs will be provided.

Pre-measurements and an explanation of the Sweepstakes will be held on Monday, January 17 6:30pm at the YMCA. All measurement information will be kept strictly confidential by the YMCA. The first eligible day that participants may start recording points will be Tuesday, January 18.

The first place prize will be a \$30 gift certificate. The second place winner will receive a YMCA Fitness ticket good for 15 fitness classes. All participants who complete the program and earn at least 125 points will receive a YMCA T-shirt.

The fee for the program is \$30 for YMCA members, \$45 for the general public. The program is limited to the first 20 people.
